The Soap Kitchen, Units 2 D&E Hatchmoor Ind/Est, Torrington, EX38 7HP. UK.

Tel: +44 (0)1805 622944. Fax: +44 (0)870 4586724. E-mail: info@thesoapkitchen.co.uk

PRODUCT NAME : SPC Organic Liquid Castile Soap Base

LEGISLATION

This document addresses the requirements of the EU for an assessment of Safety for Human Health of finished cosmetic products (Directive 93/35 EEC. Article 7a subsection d) and subsequent amendments by considering the general toxicological profile of the ingredients and an assessment of the final product.

1. COMPANY POLICY

This product and its ingredients have been assessed to ensure compliance with company policy requirements for product safety assessment.

2. PRODUCT COMPOSITION

INCI Listing (INCI Dictionary 2006 11th Ed)

Aqua

Potassium Oleate

Potassium Cocoate

Glycerin

Potassium Citrate

Potassium Palm Kernelate

Palm Kernel Acid

3. INCIDENTAL MATERIALS

Other materials present in the product have been introduced as secondary or minor parts of the principal ingredients. These additives have been checked and are all deemed safe for use in the finished product at the concentrations advised. Where the materials are preservatives, their total concentrations do not exceed the provision of current EU legislation.

4. ASSESSMENT OF SAFETY OF THE FINISHED PRODUCT

The product is based on conventional cosmetic ingredients for this type of product. Similar formulations have been marketed for many years without significant adverse effects. The product is not considered to represent any undue hazards with respect to human health in normal use and under reasonably foreseeable misuse.

This assessment is based on information supplied by the client, material manufacturers and from published information in recognised authoritative sources and whilst best endeavours have been used to check the accuracy of the information, the undersigned cannot be held responsible for any erroneous information supplied and used for preparing this assessment.

In order for the assessment to remain valid, any perfume, essential oil or flavour added to this product must comply with the most recent IFRA guidelines at its level of use in this product type.

The specification of any colourant added to this product must comply with the requirements of the EU Cosmetics Directive Annex IV part 1.

This assessment is based on the legislation and industry guidelines as pertaining at the time of the signature. It is the responsibility of the recipient to ensure that all future legislation guidelines such as those issued by IFRA and any other relevant safety issues are adhered to.

This assessment has been made assuming the manufacture of the product named is carried out in accordance with the principle of good manufacturing practice.

The assessment has been made assuming that the instructions for use and any product claims do not compromise the product safety.

Where a raw material has an EU specified quality then the material must comply with the relevant specification for this assessment to remain valid.

Dated : 30th March 2009

A handwritten signature in black ink that reads "A. J. Parkinson". The signature is written in a cursive style with a large, looped initial 'A'.
