

The Soap Kitchen

MATERIAL SAFETY DATA SHEET

1 - Identification of Product and Supplier

Product Name: **Ucuuba Butter**
Supplier: **The Soap Kitchen**
Unit 2 D&E Hatchmoor Industrial Estate
Torrington, Devon. EX38 7HP
Tel:01805 622944 Email:info@thesoapkitchen.co.uk

2 - Composition and information on ingredients:

Inci Name: **Virola surinamensis seed butter (Ucuuba Butter)**
Chemical Name Definition/Botanical origin: the fat obtained from the seeds of *Virola Surinamensis*, *Myristicaceae*
CAS No: N/A
EINECS No: N/A
Function: Skin Conditioning

3 - Hazards identification:

Classification (67/548)

4 - First aid measures:

General Information Remove affected person from source of contamination. Perform artificial respiration if breathing has stopped.
Notes to the physician No specific first aid measures noted.
Inhalation Inhalation may cause coughing, tightness of the chest and irritation of the respiratory system. Move the exposed person to fresh air at once. Get medical attention if any discomfort continues.
Ingestion If necessary, rinse mouth and provide fresh air. Get medical attention if any discomfort continues.
Skin Contact If necessary remove contaminated clothing and wash skin with soap and water. Get medical attention if any discomfort continues.
Eye Contact Immediately flush with plenty of water for up to 15 minutes. Remove any contact lenses and open eyes wide apart. Get medical attention if any discomfort continues.

5 - Fire - Fighting measures:

<u>Extinguishing Media</u>	Fire can be extinguished using: Foam, carbon dioxide or dry powder.
<u>Special Fire Fighting Procedures</u>	Containers close to fire should be removed or cooled with water.
<u>Unusual Fire & Explosion Hazards</u>	No unusual fire or explosion hazards noted.
<u>Specific Hazards</u>	When heated and in case of fire, toxic vapours/gases may be formed.
<u>Protective Measures In fire</u>	Self contained breathing apparatus and full protective clothing must be worn in case of fire.

6 - Accidental release measures:

<u>Personal Precautions</u>	Use protective gloves, goggles and suitable protective clothing. In case of spills, beware of slippery floors and surfaces.
<u>Environmental Precautions</u> <u>Spill Clean up Methods</u>	Do not discharge into drains, water courses or onto the ground. Absorb with inert, damp, non-combustible material, then flush area with water. Shovel into dry containers. Cover and move the containers. Flush the area with water.

7 - Handling and storage:

<u>Usage Precautions</u>	Avoid spilling, skin and eye contact. Ensure adequate ventilation of the working area. Adopt best manual handling considerations when handling, carrying and dispensing.
<u>Storage Precautions</u>	Store in tightly closed original container in a dry, cool and well-ventilated place. Keep away from heat, sparks and open flame. Protect from freezing and direct sunlight.
<u>Storage Class</u>	Unspecified storage.

8 - Exposure controls and personal protection:

Protective equipment:

<u>Engineering Measures</u> <u>Respiratory Equipment</u>	Provide adequate ventilation. No specific recommendation made, but respiratory protection may still be required under exceptional circumstances when excessive air contamination exists.
<u>Hand Protection</u>	Protective gloves should be used if there is a risk of direct contact or splash.
<u>Eye Protection</u> <u>Other Protection</u>	If risk of splashing, wear safety goggles or face shield. Wear appropriate clothing to prevent any possibility of skin contact.

<u>Hygiene Measures</u>	No specific hygiene procedures noted, but good personal hygiene practices are always advisable, especially when working with chemicals.
<u>Skin Protection</u>	Wear apron or protective clothing in case of splashes.

9 - Physical data and chemical properties:

<u>Appearance:</u>	Solid
<u>Colour:</u>	Yellow to brown
<u>Odour:</u>	Characteristic
<u>Flash Point (°C):</u>	>100

10 - Stability and Reactivity:

<u>Stability:</u>	Stable under normal temperature conditions.
<u>Conditions to avoid:</u>	Avoid heat, flames and other sources of ignition.
<u>Hazardous Polymerisation</u>	Will not polymerise.
<u>Materials to avoid</u>	Strong oxidising substances. Strong acids. Strong alkalis.
<u>Hazardous Decomposition Products</u>	In case of fire, toxic gases (CO, CO ₂ , NO _x) may be formed.

11 - Toxicological information:

<u>Toxicological Information</u>	See section-2
<u>General Information</u>	No specific health warnings noted.
<u>Inhalation</u>	In high concentrations, vapours may irritate throat and respiratory system and cause coughing.
<u>Ingestion</u>	No specific health warnings noted. No harmful effects expected in amounts likely to be ingested by accident.
<u>Skin Contact</u>	No specific health warnings noted.
<u>Eye Contact</u>	Spray and vapour in the eyes may cause irritation and smarting.
<u>Health Warnings</u>	No specific health warnings noted.
<u>Medical Symptoms</u>	No specific symptoms noted, but this chemical may still have adverse health impact, either in general or on certain individuals.
<u>Medical Considerations</u>	Persons with rash are directed to skin expert for examination of allergic eczema.

12 - Ecological information:

<u>Ecotoxicity:</u>	See section-2
---------------------	---------------

13 - Disposal considerations:

<u>General Information</u>	Waste is suitable for incineration.
<u>Disposal methods:</u>	Dispose of waste and residues in accordance with local authority requirements.

14 - Transport information:

<u>General:</u>	The product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID).
-----------------	---

15 - Regulatory information:

<u>Risk Phrases NC</u>	Not classified.
<u>Safety Phrases NC</u>	Not classified.
<u>EU Directives</u>	Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments.
<u>Statutory Instruments</u>	The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (S.I 2009 No. 716).
<u>Approved Code of Practice</u>	Classification and Labelling of Substances and Preparations Dangerous for Supply.
<u>Guidance Notes</u>	Workplace Exposure Limits EH40.

16 - Other information:

Q.C. REQUIREMENTS

<u>General Information</u>	Shelf life: minimum shelf life of 36 months when stored within advised conditions.
----------------------------	--

The data provided in this material safety data sheet is meant to represent typical data/analysis for this product and is correct to the best of our knowledge. The data was obtained from current and reliable sources, but is supplied without warranty, expressed or implied, regarding it's' correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.
